

FOR IMMEDIATE RELEASE

The Anchor™ ChiselWall® Retaining Wall System Now Available at Select Lowe's Stores

MINNEAPOLIS (March 31, 2010)—Bringing another attractive, high-quality retaining wall product to the Do-It-Yourself market, Anchor Wall Systems announces the launch of the ChiselWall® 3 x 9-inch retaining wall system. A smaller, lighter-weight version of the popular ChiselWall 4 x 12-inch retaining wall system, the ChiselWall 3 x 9-inch product is available at select Lowe's stores.

Designed with the refined look of hand-hewn stone and available in premium colors, the ChiselWall 3 x 9-inch wall system is excellent for small walls and garden planters in a wide variety of outdoor spaces. The product's manageable size and Anchor-invented rear-lip locator make installation fast and easy.

"The ChiselWall 3 x 9-inch product has a timeless, classic appearance," says Wendy Goodman, Anchor Wall Systems product manager. "The product combines the elegant look of old-world stone with the convenience of a Do-It-Yourself application."

The ChiselWall 3 x 9-inch wall system, produced with patented Anchor™ Sculpsit™ block-molding technology, consists of six individual retaining wall blocks, each with a unique face pattern. Matching cap units complete the system.

For more information about the ChiselWall 3 x 9-inch wall system, please visit www.anchorwall.com.

Anchor Wall Systems develops attractive, durable and easy-to-install retaining and freestanding wall systems. The company licenses its designs, which are backed by extensive testing and research, to more than 50 manufacturers in 21 countries who then market to contractors and homeowners through landscape supply dealers and big-box retailers. The end result is anything that can be imagined: innovative, lasting landscapes and environmentally sound walls that let consumers and contractors design—and build—something beautiful.
