

PRODUCT INFORMATION

The Highland Stone[®] freestanding wall system is remarkably versatile creating curved and straight seat walls with a labor saving installation design. Combined with the coordinating retaining wall system and columns or as a stand alone element this wall creates inviting outdoor spaces.

Features of Highland Stone[®] 2.0:

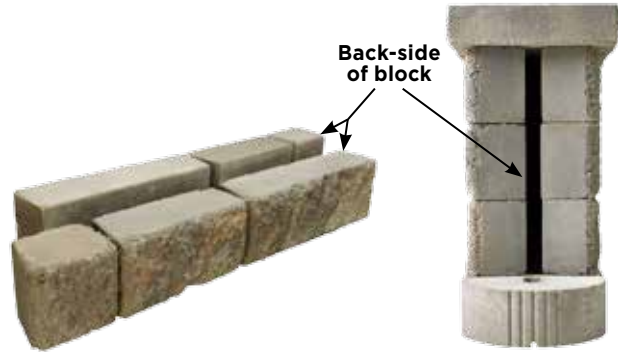

- Create curved freestanding walls with virtually no cutting
- Column units can create 24-inch, 21-inch or 18-inch column
- Multiple cap options available to create unique looks
- Base block designed for faster installation
- Three lengths of wall block provides a more random look
