

PRODUCT INFORMATION

The Slaton<sup>™</sup> Random paving system provides a random natural flagstone appearance with a single shape for a variety of project applications.

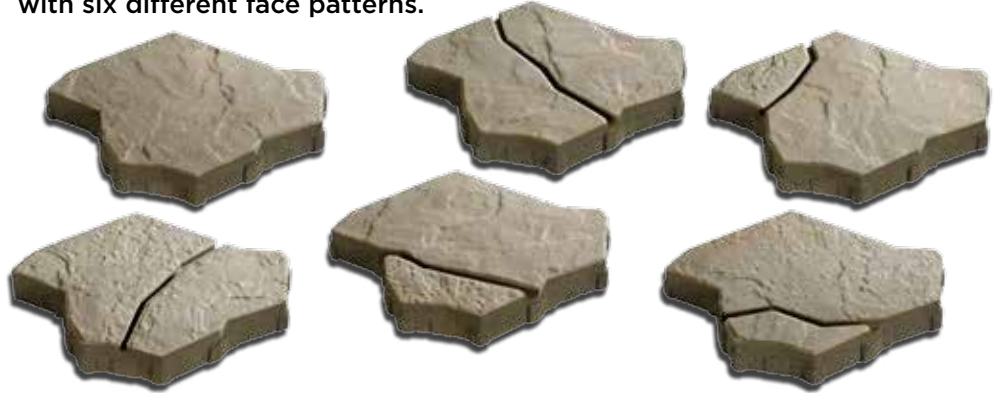

- Use for patios, walkways or driveways
- Uniform product shape and smooth underside allow ease in leveling and installation
- Natural textures with minimal height variations provide ideal surface for patio furniture

## PRODUCT INFORMATION

The shape of each unit is the same with six different face patterns.

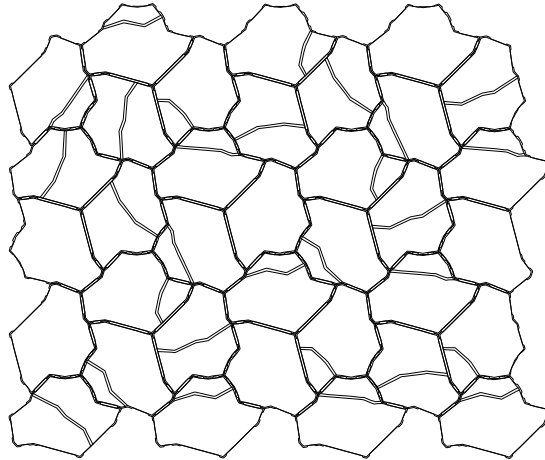

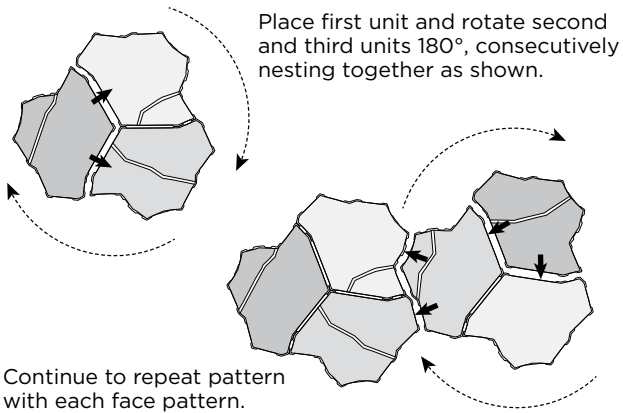

### Units

Approximate Dimensions*	14 3/4" x 18 1/16" x 2 3/4"
Approximate Weight*	43 lbs.
Coverage	1.39 sq. ft.

\* Actual dimensions and weights may vary from these approximate values due to variations in manufacturing processes. Specifications may change without notice. See your Anchor representative for details, color options, dimensions and additional information.

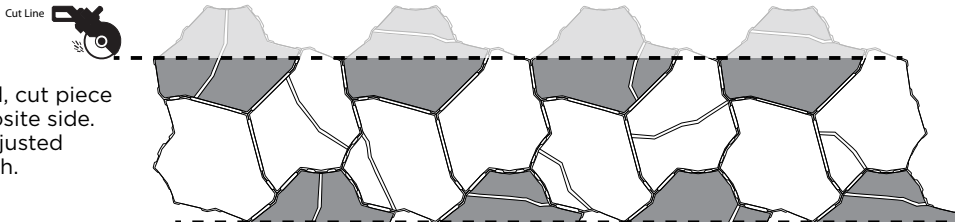

The Slaton™ Random paving system can be installed as a standard paving system or as stepping stones.

### Product placement

Lay in horizontal rows as shown. Place additional units along horizontal pattern to fill in gaps; leave random edge or cut as shown below.

Same unit used, cut piece moved to opposite side. Cuts can be adjusted to desired width.
